# Stoke Climsland Parish Survey

Please take the time to fill in this questionnaire. The information is needed to enable parish groups and the Parish Council to apply for funding and to help with planning for the future of the area you live in. Through a new scheme known as the Vital Villages Parish Plans, the government is, for the very first time, giving local people a real say in how their parish should develop in the future. This survey is the first part of that Plan. ***Your opinions count!***

We want the opinions of everyone who lives in the parish. We would like everyone in the parish, ***aged 11 years and over*** to fill in this survey. Please make sure that the same person uses the same numbered column all the way through except for the Household Section. As the opinions of younger people are also important we have enclosed a special questionnaire for the under 11's.

If you would like to comment further on any of the questions or have views on other issues, please use the back page.

Please note that ***these surveys remain completely anonymous and confidential***, your name is not required. However, if you would like further information on issues raised or would like to assist or volunteer with anything, please fill in the separate sheet enclosed. These will be kept apart from the surveys when collected.

**Please drop the completed survey into either Lockett or Stoke Climsland Post Office or Callington Tool Hire, before 28<sup>th</sup> February, making certain that you write your name on the list. The list will be kept near the surveys, but separate from them to ensure anonymity.**

Every household in the parish will receive a summary of the report that will be compiled from your responses.

If you have any queries please contact one of the working group, who have designed this survey.
